

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement since the year 1959. Whether the work requires positioning heavy steel, landing loads on scaffolding or transferring loads, utilizing a Lull telehandler would help make the job go easier and faster. These units are complete with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. A wide range of optional accessories is available for Lull telehandlers so as to help complete whatever work.
