

Rockwell Part

Rockwell Parts - The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for quality, service, technology and delivery. They believe in working in an environment that encourages the utmost integrity with empowered teamwork, together with a persistent pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The business has put different programs in place in order to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whatever comments or questions, because they are happy to promote and share this policy with a greater knowledge of their efforts. They are extremely dedicated to preserving and improving the environment. AxleTech has an EHS program that not only protects the natural environment but which likewise actively protects their neighbors and employees as well.

AxleTech specializes in the designing and manufacture of planetary axles used for both commercial and military applications, which could consist of anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider also. AxleTech particularly designs axles to meet particular application demands. They have over one thousand various axle specs within their current offering. With over one hundred years of experience and history, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The business is well known in several military and commercial applications. They offer complete axle assemblies used for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have added details that can be found in the "ISAS" product collection.
