Advance-Nilfisk Parts - Imagine how long and tedious it will really be to tidy up after a party, with no help from machines. Previously, the dust from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the best cleaning products at the time.

The founder of Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After founding his company in 1906, he started to make motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the start was to own a global business marketing goods internationally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by one person. This creation came in a time where many cleaning equipment were very big and required 4 or more operators, therefore, the Nilfisk C1 changed everything and evolved the manner we clean forever. The genius behind these very first cleaning equipment remains unparalleled. Cleaning equipment offer an excellent solution to an ongoing crisis; things get filthy and have to be cleaned on a regular basis, without a lot of effort.

Gradually, the business Nilfisk-Advance expanded all through the years. In the early 1980's the company expanded fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, trying to be an active international player in making professional cleaning machines. Nilfisk-Advance is presently found in all parts of the globe by steadily obtaining many smaller companies to be able to expand their product range and presence in new markets. They are proud to offer various cleaning solutions to suit each requirement.
